

**Department of Global Health  
Funding for Fieldwork  
Common Application  
2017**

- Warren George Povey Endowed Fund for Global Health Students Fellowship
- Global Opportunities in Health (GO Health) Fellowship
- Stergachis Endowed Fellowship for International Exchange
- Thomas Francis, Jr. Global Health Fellowship

*Deadline: Wednesday, March 15, 2017*

## DGH Funding for Fieldwork Common Application 2017

### Application Checklist

Before submitting your application materials, review this checklist to ensure that you've completed all steps. Incomplete applications will not be considered. Make sure to allow plenty of time for you to get your host organization and faculty mentor materials to meet deadlines; so contact them as soon as you decide to apply!

#### Common Application

- Select Fellowship(s) for which you'd like to be considered
- Demographic Information
- Project/Experience Details
- Complete Appropriate Essay(s)
- CV or Resume
- Unofficial Transcript
- For GO Health – complete instructions to assess financial need
- Proposed Budget

#### Supporting Documentation:

- Essays for either George Povey Fellowship

#### Submit Application:

- Submit all materials to Catalyst Dropbox by 11:59 pm, March 15, 2017**

Link: <https://catalyst.uw.edu/collectit/dropbox/basiao/39211>

## DGH Funding for Fieldwork Common Application 2017

February 1, 2017

### Dear Graduate Student, Professional Student, or Medical Resident Applicant:

The Department of Global Health has multiple ways for a student to fund their fieldwork experience each year. In order to streamline the process, we have created this Common Application for funding and fellowships for the University of Washington, Department of Global Health-administered funds and programs.

Students or medical residents, where eligible, are encouraged to apply for more than one fellowship, but are only eligible to receive one award per application cycle. If a student is awarded and accepts the Fellowship, they must immediately withdraw their applications to other DGH fellowship or funded programs. Fellowship recipients must meet all program deadlines and program requirements, including attendance at a **MANDATORY pre-departure orientation** on **Sunday, May 7, 2017**.

### Common eligibility criteria:

- Graduate or professional students enrolled in a full-time University of Washington degree program
- Undergraduate students enrolled in the Global Health Minor are only eligible to apply for Warren George Povey Endowed Fund for Global Health Fellowship
- Medical residents enrolled in a University of Washington residency program are only eligible to apply for Global Opportunities (GO) Health Fellowship
- Medical and post-doc fellows are NOT eligible to apply for these awards
- Good academic standing
- Not currently receiving another DGH award or fellowship for the same time period or for the same program or fieldwork experience.

Please review the criteria for each of the awards to ensure that you have submitted the proper documentation to complete the process. All documentation must be submitted via Catalyst Dropbox by 11:59 pm, Wednesday, March 15, 2017.

Please contact Basia Otto at [basiao@uw.edu](mailto:basiao@uw.edu) or 206-685-7362 with any questions you may have.

Daren Wade, MSW  
Director, Global Health Resource Center

## FELLOWSHIP DESCRIPTIONS & ELIGIBILITY CRITERIA

### I. Warren George Povey Endowed Fund for Global Health Fellowship

The purpose of the **Warren George Povey Endowed Fund for Global Health Fellowship** is to provide financial assistance to students at the University of Washington to help support their travel or other academic goals in global health. The funds have been generously provided by the family of Dr. George Povey and other donors to honor his contributions to global health. George was an uncompromising and tireless clinician, teacher and activist in promoting social justice, gender equality and maternal health in resource-poor settings. The award will be based on evidence of commitment by the applicant to these values that characterized the lifetime of Dr. Povey.

First preference will be given to students who are full-time graduate students working toward a degree in the Department of Global Health, or undergraduate students enrolled in the Global Health Minor. Preference will also be given to students studying or engaged in work related to maternal, reproductive and child health in low-income settings. Typically, the Department has allocated this award to students who propose a global health related fieldwork experience in an international, resource-limited setting relevant to the student/trainee's career goals.

The Fellowship of **up to \$4,000 (USD)** can be used to support travel costs, including room and board, travel health preparation, travel insurance, supplies for a particular global health project, or other expenses associated with the recipient's academic work, including tuition. Funds can be used for a project or experience taking place anytime from summer quarter 2017 up to, and including spring quarter 2018.

#### **Applicants will be selected based on the following considerations:**

- a. Evidence of applicant's commitment to the values exemplified by George Povey (social justice, gender equality and promoting maternal health in resource-poor settings), both in their previous experiences and in their proposal
- b. The strength of the project or experience proposal, and its relevance to George Povey's social justice values as described above.
- c. Applicant's record of academic excellence
- d. Evidence of promise and commitment to a career in global health

#### **Fellowship-specific Eligibility Criteria:**

- 4-6 weeks participation in a global health related-program or fieldwork experience in an international, resource-limited setting relevant to the student/trainee's career goals
- Full-time graduate or undergraduate students studying in the Department of Global Health, including MPH, PhD, DGH Graduate Certificate programs, and the Global Health Minor, and students in the School of Medicine's Global Health Pathway

#### **Supporting documentation must include:**

- Signed Statement of Commitment from your host organization supervisor
- Letter of Commitment from your University of Washington faculty mentor
- Current resume/curriculum vitae
- Recent "unofficial" copy of your University of Washington transcript

**All supporting documents must be submitted via Catalyst Dropbox with the rest of the application here:**

**<https://catalyst.uw.edu/collectit/dropbox/basiao/39211>**

# DGH Funding for Fieldwork Common Application 2017

## II. Global Opportunities (GO) Health Fellowship

The purpose of the **GO Health Fellowship** is to provide financial assistance to a graduate student, professional student, or medical resident at the University of Washington so that they may gain valuable international fieldwork experience in global health. The funds have been generously provided by donors committed to the education of global health professionals from diverse disciplinary backgrounds.

The Fellowship of **up to \$4,000 (USD)** can be used to support travel costs, including room and board, travel health preparation, travel insurance and/or supplies for a particular global health project. The GO Health Fellowship **cannot be** used to cover tuition costs, school supplies, conference attendance or other non-project related expenses. Funds can be used for experiences taking place anytime from summer quarter 2017 up to, and including spring quarter 2018.

### **Applicants will be selected based on the following considerations:**

- a. The strength of the project or experience proposal
- b. The applicant's record of academic excellence
- c. Evidence of promise and commitment to a career in global health
- d. Demonstrated financial need

### **Fellowship-specific Eligibility Criteria:**

- Demonstrated financial need (details in application process instructions)
- Participation in a global health-related program or fieldwork experience in an international, resource limited setting relevant to the student's/trainee's career goals
- Minimum duration of six weeks abroad
- The project or experience must be at a UW-affiliated international entity (eg. NGO, university, Ministry of Health or other research institution, etc.)

### **Supporting documentation must include:**

- Signed Statement of Commitment from your host organization supervisor
- Letter of Commitment from your University of Washington faculty mentor
- Copy of your current resume/CV
- Recent "unofficial" copy of your University of Washington transcript.

**All supporting documents must be submitted via Catalyst Dropbox with the rest of the application here:**

<https://catalyst.uw.edu/collectit/dropbox/basiao/39211>

## DGH Funding for Fieldwork Common Application 2017

### III. Stergachis Endowed Fellowship for International Exchange

The purpose of the **Stergachis Endowed Fellowship for International Exchange** is to promote global health by providing financial assistance to **graduate or professional** students who would like to work on public health projects in developing countries, preferably in Uganda.

Eligible applicants may be enrolled in any of the Health Sciences schools as graduate or professional school at the University of Washington and must submit a project proposal that addresses a global health issue or problem. Projects should be one month to three months in length and *must be completed by the end of Spring Quarter 2018*. The Fellowship of **up to \$4,000 (USD)** can be used to support student travel costs, including room and board, travel health preparation, travel insurance and/or supplies for a particular global health project. The Fellowship cannot be used to cover tuition costs, school supplies, conference attendance or other non-project related expenses.

Applications will be evaluated based on the strength of the proposal, the relevance to global health and the applicant's academic and career goals, the significance to the host organization and the commitment by the host organization supervisor and a University of Washington faculty mentor. Fellowship recipients must meet all program deadlines, attend a travel preparation orientation and participate in other Stergachis Endowed Fellowship for International Exchange activities. If a student is awarded and accepts the Fellowship, they must immediately withdraw their applications to other DGH fellowship or funded programs.

#### **Fellowship-specific Eligibility Criteria:**

- Identify an international experience, host organization (local or global) and host organization supervisor
- Identify a University of Washington faculty mentor to assist you with the development of a project and connect the experience to your academic program and career goals

#### **Supporting documentation must include:**

- Signed Statement of Commitment from your host organization supervisor
- Letter of Commitment from your University of Washington faculty mentor
- Current resume/curriculum vitae
- Recent "unofficial" copy of your University of Washington transcript.

**All supporting documents must be submitted via Catalyst Dropbox with the rest of the application here:**

<https://catalyst.uw.edu/collectit/dropbox/basiao/39211>

## DGH Funding for Fieldwork Common Application 2017

### IV. Thomas Francis, Jr. Global Health Fellowship

The purpose of the **Thomas Francis, Jr. Global Health Fellowship** is to promote global health by providing financial assistance to **graduate or professional** students who would like to gain practical global health field experience in international and/or underserved community settings. Dr. Thomas Francis, Jr. taught Dr. Jonas Salk the methodology of vaccine development, and designed and directed the Salk polio vaccine clinical trials.

Eligible students may be enrolled in any graduate or professional school at the University of Washington, and must submit a project proposal that addresses a global health issue or problem. Projects should be one month to three months in length and *must be completed by the end of Spring Quarter 2018*. The Fellowship of **up to \$4,000 (USD)** can be used to support student travel costs, including room and board, travel health preparation, travel insurance and/or supplies for a particular global health project. The Fellowship cannot be used to cover tuition costs, school supplies, conference attendance or other non-project related expenses.

Applications will be evaluated based on the strength of the proposal, the relevance to global health and the applicant's academic and career goals, the significance to the host organization and the commitment by the host organization supervisor and a University of Washington faculty mentor. Fellowship recipients must meet all program deadlines, attend a travel preparation orientation and participate in other Thomas Francis, Jr. Global Health Fellowship activities. If a student is awarded and accepts the Fellowship, they must immediately withdraw their applications to other DGH fellowship or funded programs.

#### **Fellowship-specific Eligibility Criteria:**

- Identify an international experience, host organization (local or global) and host organization supervisor
- Identify a University of Washington faculty mentor to assist you with the development of a project and connect the experience to your academic program and career goals

#### **Supporting documentation must include:**

- Signed Statement of Commitment from your host organization supervisor
- Letter of Commitment from your University of Washington faculty mentor
- Current resume/curriculum vitae
- Recent "unofficial" copy of your University of Washington transcript.

**All supporting documents must be submitted via Catalyst Dropbox with the rest of the application here:**
